Item 8.01 Other Events

On November 25, 2019, we announced that that our Board of Directors approved a 1-for-10 reverse split (consolidation) of the Company's authorized and issued shares of common stock with a par value of US\$0.001 per share in accordance with Nevada law (NRS Section 78.207). It is proposed that the reverse split will be effective as of the market open on or about December 16, 2019 on the Canadian Securities Exchange (the "CSE") and the OTCQB. No financings are contemplated in conjunction with the consolidation.

The reverse split will result in each outstanding ten pre-split shares of common stock automatically combining into one new share of common stock without any action on the part of shareholders. The total number of outstanding shares of common stock will be reduced from approximately 220.5 million to approximately 22 million shares. The Company's authorized number of shares of common stock will also be proportionately decreased from 400 million to 40 million shares, each as a result of the reverse split and pursuant to Nevada Resided Statutes (NRS Section 78.207). No fractional shares will be issued as a result of the reverse split as any fractional shares resulting from the reverse split will be rounded up to the nearest whole share on a "per shareholder" basis.

The Company's shares of common stock will continue to trade in Canada on the CSE under the symbol "RISE" and in the United States on the OTCQB under the symbol "RYES." The shares will trade under a new CUSIP Number 76760M 200. Capital Transfer Agency, the Company's transfer agent, will act as exchange agent for the reverse split.
